THE CONSULTATION BEHIND THE SERVICE

Unlimited expertise and efficiency stand behind the success of all these services through scientific foundations and frameworks based on a lot of practical experiences that guarantee the success of all work systems.

Our Consulting Process

We always follow a strict work system through a set of integrated and cohesive stages that ensure standing on the vision and goals of the clients and working to achieve that vision accurately with continuous follow-up by the clients for all stages of project production.

Our Process

1 Entry

- Discover and know the project needs
- Assessment Planning
- Assessment Proposals to Client
- Consulting Contract

2 Diagnosis

- Purpose Analysis
- Problem Analysis
- Fact Finding
- Fact Analysis and Synthesis
- Feedback to client

3 Action Planning

- Developing Solutions
- Evaluating Alternatives
- Proposal to Client
- Planning for Implementations

4 Implementation

- Assisting with Implementation
- Adjusting Proposals
- Training Team Work

5 Termination

- Evaluation
- Final Report
- Setting Commitments
- Plants for Follow-Up
- Withdrawal

These steps are changed and rearranged to ensure compatibility with the nature of the projects and the production stages they have reached.
